Images

All the DSS Images are blue plates, POSS II measured 15' by 15' (http://archive.stsci.edu/cgi-bin/dss_plate_finder).

DSS images copyright notice:

The Digitized Sky Survey was produced at the Space Telescope Science Institute under U.S. Government grant NAG W-2166. The images of these surveys are based on photographic data obtained using the Oschin Schmidt Telescope on Palomar Mountain and the UK Schmidt Telescope. The plates were processed into the present compressed digital form with the permission of these institutions.
